OPAS News

Happy new year to everyone. We would like to thank all of our amazing customers for a great start to our OPAS archery adventure. It is a privilege to serve such a great community of archers and we look forward to many more years of doing so. That all being said, here's what you have to look forward to from your local archery pro shop! First of all, we are beginning our newsletter, which will take place in several different formats. We will have our email list, tangible copies in store, and it will be posted on our website. As far as the shop is concerned, big sales, 4 nights of leagues, a bow raffle, appointment scheduling, and much more events/plans are on the horizon. Anything not mentioned in this newsletter will be coming in future editions, so stay tuned!

New Year's Bow Raffle

We are raffling off a brand new Athens Peak 38. This raffle started on December first and the winner will be drawn on January 31st. Tickets are \$10 a piece or 3 for \$25. Tickets must be bought in person, whether it is at the shop or through an authorized representative. This is a beautiful bow in Athen's brand new "Monarch Orange" finish with White limbs, and a custom fluorescent orange GAS string. The bow is right handed and has 60 pound peak weight limbs. Make sure you swing by before it's too late! Athens is a fantastic, veteran owned and operated company with excellent customer service and a passion for all things archery. One set of modules of the winners choice will be included with the bow. Good luck to everyone that has already participated or plans to appointment scheduling, and much more events/plans are on the horizon. Anything not mentioned in this newsletter will be coming in future editions, so stay tuned!

Appointment Scheduling

As of 2020 we are introducing appointments. Appointments can be made for anything service-related, scheduling for lessons is unaffected and should be done through the website under the lessons/coaching tab. Appointments are open for all services. Essentially, what appointments will be is a reservation of your chosen technicians time and will be done on an hourly basis. If you would like any of our services to be performed while you are present, from broadhead tuning, fletching, paper tuning, to limb swaps or anything in between, there will be a fee associated with the amount of time requested. We will still be taking walk-ins for bow fitment on a first come first served as usual. This is simply an opportunity to have a guaranteed time slot where we can do service work in front of you rather than tagging it for later completion. Appointments will be a \$30/hr labor charge but will be waived if the visit totals larger than \$150. archery. One set of modules of the winners choice will be included with the bow. Good luck to everyone that has already participated or plans to! appointment scheduling, and much more events/plans are on the horizon. **Anything not mentioned in this newsletter will be coming in future editions, so stay tuned!**

Leagues

Another winter of leagues is starting up in January 2021 with the usual 5-Spot and Vegas leagues on Tuesday, Wednesday and Thursday nights. New this year, we are having an Indoor 3D league. Signup sheets are available at the shop and registration is still open. All of these leagues are handicapped so it balances out all the shooter's skill levels and make it competitive for all. These leagues are open to all types of shooters - men, women and children that are over 14 years old - traditional, recurve, Olympic, target compound and hunting compound.

The 5-Spot league is also a team money shoot. This year the teams are randomly selected to make it more fair and competitive. Details on how the teams are selected are available on our website.

The indoor 3D league is brand new. We have worked out most of the details to create what we think will be a really fun night of shooting. Something a little different and it should be really challenging.

All of the details about the leagues including signup are up on our website at: ohio-archery.com/leagues. All of the details for our leagues including scores, signup, etc are available on the website.
